SMC Fence for Pig Pens

Introduction and Features

Sheet moulding compound (SMC) or sheet moulding composite is a ready to mould glass-fibre reinforced polyester material primarily used in compression moulding. SMC is both a process and reinforced composite material.

Our SMC fence, with 10 times service life of the ordinary fence, is the first choice for modern farms. It is featured of high strength, smooth surface, easy installation. The most important thing is that the edges are fully closed to prevent feces from infiltrating, so it's easy cleaning and disinfection.
