## SMC Fence for Pig Pens

### Brief Introduction

The BMC composite plastic slatted flooring is quite suitable for nursing pen and farrowing pen. Piggies and sows are not easy to get sick by acting on the BMC slatted floor. A variety of types and sizes are available.

### Advantages of BMC Composite Plastic Slatted Flooring:

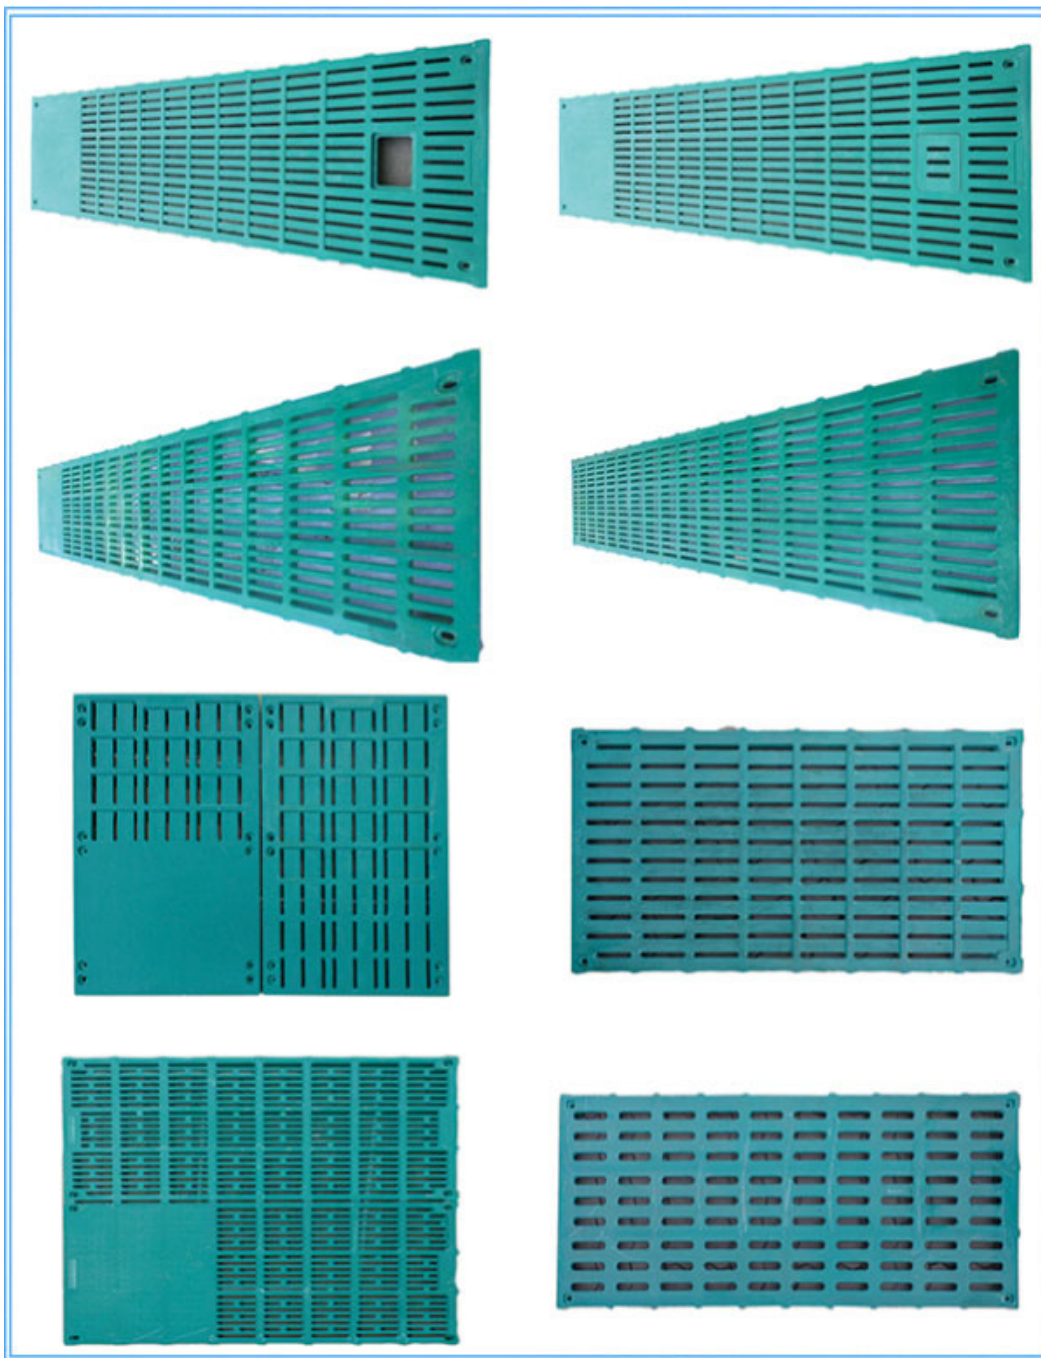

- Keep the pig pen a clean and healthy environment.
- Reduce the contacts between pig and dung.
- Corrosion resistant, easy to clean, save the time of manual dung cleaning
- Protective effect to the piglets .
- Provide a superior farrowing platform.
- Effective dung leaking, easy to clean and install.
- Thickening floor, strong compression resistance make it impossible to break by pigling.
- Different colors can be produced according to customers' requirement.
